John I just wanted to drop you a word of praise for your job foreman FRANCISCO,very professional and personable,along with a hard working crew of polite young men. They did a superior job and I would not hesitate to recommend you to both friends and neighbors for any of their roofing needs, VERY refreshing to know that there are still some people with integrity in the work place. Once again,thank you to David for being patient with me,and for all of the GOODRICH family. GOD bless all of you. THOMAS BEE
